Subject: Microsoft Settlement

To Whom It May Concern,

I would like to add my voice to the hopefully growing dissent of the upcoming Microsoft Settlement and how it would benefit Microsoft more than the good of the public. Microsoft has historically demonstrated monopolistic tendencies and the proposed settlement is at best, a slap on the wrist and is not the lesson they need to open the "playing field" for current and future competitors in the technology arena.

Thank you for your attention.

Kind Regards,
